Leslie passed on the "President-ship" to Larry by turning over the official book. Leslie also gave a stuffed "Sorcerer Mickey". Mark thanked Leslie for her past two years of leadership.

The drawing was held for attendance. The grand prize (A CD and program from London's 'Mary Poppins' – provided by Leslie) was won by the Zatz family.

Brad gave an update on the Yahoo group – NFFC MN. People can join in to this group and then post messages/photos to the whole group. This will avoid having to send Marvin emails to send to the group.

There is no update on the 15th anniversary celebration.

Leslie shared an article that was in the December "New Yorker". It was a review of the new book by Gabler on Disney's life and passed out copies.

Larry talked about the eight new DVD collections that are out. There are 4 new "Treasures" and 4 new "Legacy Collections" which are the "True Life Adventures".

Mark mentioned that Disney is revamping it's website. So the next time you go to 'disney.com' it should have a different look.

Mark shared some information on 'mousesurplus.com'. They have a showroom by the Orlando airport. They get rid of all kinds of stuff that Disney is getting rid of– busses, signs, bedding, etc. Connie has been there and she said it was interesting, but most of the stuff you had to buy by the pallet.

There was discussion about the "Tigger attack".
